But the reading matter of the Bazar is uniformly of great excellence. The paper has acquired a wide popularity for the fireside enjoyment it affords.—*N Y Evening Post.*

WILMINGTON, N. C.

Saturday, July 19th, 1873.

The Washington *Republican* says "the democratic papers have wonderfully short memories. This infirmity is particularly illustrated in the case of the Congressional back pay. The whole blame of the passage of that measure is laid upon the Republican majority, when the fact is it could not have passed without the assistance and votes of the democracy. The record stands thus:—In the House 51 Republicans voted for it and 60 against—a majority of nine against the increase. The democratic vote stood 48 in favor of its passage and 37 against it—a majority 11 in favor of its passage and 37 against it—a majority of 11 in favor of the back pay. In the Senate 23 Republican Senators voted for it and 22 against, while 13 democrats voted for and only 5 against. Taking the aggregage of both houses, we find that 82 Republicans voted against the passage of the bill and 74 in its favor, giving a Republican majority of 8 against it. The democrats who voted against it were 61, and those in favor 42—a democratic majority of 19 in favor of the "grab." In a word, the case stands thus: A majority of the Republicans in the two houses voted against the bill, while a majority of the democrats voted in favor of its passage.

PROFESSOR WISE'S contemplated balloon voyage across the Atlantic is fixed for the 20th August. There will be seats for eight or ten passengers. Perhaps the longest aerial voyage on record was made by Holland, Mason and Green from London in 1836, in a baloon about sixty feet high and fifty feet in diameter, containing 85,000 cubic feet. It was furnished with provisions for a fortnight, with instruments of great variety, and clothing in abundance. It crossed the channel, passed over many villages and towns in France, and, after many attempts, found a resting place in the Duchy of Nassau, five hundred miles from London, the distance being accomplished in eighteen hours. It must be remembered that the movement of balloons depends entirely on the currents of air, and is quite independent of any power that can be applied to them from within, and that the voyager has not the power to select any place for his landing.

Sunstroke.

Although sunstroke or *coup de soliel*, is rather a rare thing in this city, it is well that every one should know exactly what to do in case one should be struck. On this subject Dr. Woods, writing for *Lippincott's Magazine* says:

Sweating is nature's great refrigerative measure, and to keep this up large quantities of water should be drank, not too cold, but without stint—quarts, if the thirst crave it. Keep sweating, and probably you are not in any immediate danger, but when, on a July or August day, a man's head begins to throb and the suface grows dry and hot, while unwonted restlessness and lassitude come on, as he values his life let him leave his work, however imperative, and take at once a cold bath. There should in this disease be no waiting for the doctor. The remedy is so simple, the death so imminent, that the good Samaritan passing by should save his brother. The good Samaritan must, however have a cool head to be useful. Not every man that falls unconscious on a hot day has sunstroke. There is fortunately one criterion so easily of application that any one can use it. Go at once to the fallen man, open his shirt bosom, and lay the hand upon his chest; if the skin is cool you may rest assured that, whatever may be the trouble, it is not sunstroke. If, on the contrary, the skin be burning hot, the case is certainly sunstroke, and no time should be lost. The patient must be carried to the nearest pump or hydrant, stripped to his waist, and bucketful after bucketful of cold water be dashed over him until consciousness begins to return or the intense heat of the surface decidedly abates.

In the last issue of the New York City Directory there appears a collection of queer names. There are 15 Frames, 2 Pickups, 1 Pickles, 1 Ship, 3 Crews, 3 Hearty, 5 Sick, 1 Tosick, 2 Well, 8 Weller and 1 Twogood. Then there are 3 Noahs and 1 Ark, 3 Furs, 1 Feather, 3 Pilgrims, 6 Staffs, 1 Car and 6 Drivers, 2 Mean and 2 Lovely, 5 Constables with 1 Club, 2 Jury and 6 Foreman. There may also be found 9 Canarys and 6 Singers, 1 Dollar and 2 Shillings, 1 Bowels, 15 Houses, 1 Roof and 3 Leaks, 2 Fast, 1 Slow, 1 Sly, 1 Fatt, and 10 Loud, 2 Hens, 1 Chick and 2 Duck, 3 Clock and 3 Hands, 18 Christians, 2 Sinners and a Devil, 1 Scow and 4 Sailers.

THE Kinston *Gazette* says: There is a young pigeon at Mrs John Parrott's, which is just beginning to fly, and which has voluntarily taken up its abode with an old cat and kittens, and on such friendly terms that if the pigeon makes any unusual noise the cats will run to its relief.

The Eccentricities of the great metropolis are varied enough to be turned, daily, into a thrilling romance of the average number of chapters and more than the average brilliancy of the *finis*. The other day, New York journals published—without comments, so accustomed are they to the article—a story where a young girl, drugged with wine, was unconsciously to herself married to a man. It was not a pretty ending, because the young lady was indignant and declared that she was not married at all. It was a true story, however, and went for what it was worth. Only Sunday last there was a second case of mock marriage—this time of a young girl who had been the recipient of much flirtation on the part of a certain "Benedict." Being, on that day, in "Benedict's" saloon,—he keeps a house of that character—a bystander, professing to be a clergyman, celebrated solemnly a contract of marriage between them. "Benedict" declares that marriage was all a joke. "Beatrice" affirms that it is genuine, and has the blessing of the church upon it. The young lady in this case does not run from the ceremony, but has already taken her place behind the counter and has begun to act the part of a good wife to her "husband." Here are two cases—one of a girl married against her will, and one of a girl married in spite of her "husband's" will. Both come from New York city. Who can say, after this, that New York is not a metropolis—and cosmopolitan, at that?

This is the way a worn-out editor announces his freedom from newspaper thraldom for one day:

Fly away to the mountains, beneath shade and by fountains, all ye dust-choked patriots fly; there you may keep still, orate if you will, or sing of the Fourth of July. If you orate, please state that the country is great—a patent right Yankee notion; talk of railroads and rings, and other big things, not omitting the fact that an ocean is all that keeps it from crossing over, and bossing all the nations that in darkness lie, who in ignorance are groping, without the semblance of hoping for a day like the Fourth of July. If you are not a doodle, you will sing "Yankee Doodle" till your notes reach the clouds in the sky—till the hills take the chills, as your fervid song thrills with the glory of the Fourth of July. You will sing in Adams and Hancock, Washington and Plymouth Rock, Yorktown and New Orleans, Paul Jones and his ship. But whatever you skip, you should not by any means omit to allude, in the most impassioned mood, to the grand old days of yore; how that seventy-six, on account of political tricks, can't be gotten up in good style any more. The "sink or swim" trope is now the softest soft soap; "survive or perish" is cant; the Revolution is rant, and the only thing left is rad, nigger, and Grant. But with these three, and a national debt, it may possibly be, we'll be happy yet. This being the case, we drown our sorrow in the gush of our joy—*no paper to morrow.*

IN VIEW of the frequent robberies that are being committed in our midst, the POST regrets that the condition of the city's finances is such that it can afford but twenty policemen, and they divided into a day and a night squad. The POST thinks that the citizens would willingly forego some contemplated improvements and appropriate the money to the hiring of more policemen, so that they would have a greater feeling of security as to their persons and property.

THE POST again urges the citizens of our city to be vigilantly on their guard against the depredations that are being committed in our midst by burglars, house breakers and sneak thieves. It is a matter of almost every day occurrence that the POST records some robbery or attempted robbery and house breaking, and the villains are neither shot on the spot nor are they arrested and held to answer a trial for their crimes before the law, and the POST suggests that when any of these lawless gentry are discovered in their nefarious works, they be instantly shot, and have an investigation afterwards.

BURGLARY.

Another Raid on H. Marcus' Store.

About five o'clock this morning, as policeman E. F. Martin was making his rounds, he discovered that the rear door of H. Marcus' Saloon and Cigar Store, on Princess street, North side, between Front and Second, was open, and on an examination of the premises found that an entrance had been made by breaking away a part of the shutter of the window at the rear end of the building, thereby making an opening sufficiently large to enable the burglar or burglars to break out a pane of glass and reach inside and remove the iron bolt securing the iron bar across the outside of the shutter. This being done, the shutter was opened and the sash raised, and through the window thus opened access was had to the interior of the store. The intruders then went to the front of the store and secured about three thousand cigars, the greater part of them being carried away in the boxes in which they were, and other boxes were found broken open and lying about the floor and the cigars gone. Besides the cigars, there were a number of bottles of liquor taken, and a package containing one dozen pocket knives. The side door of the wareroom adjoining the saloon was also found open, near which were found a number of cigars, and broken cigar boxes.

A few weeks ago this same store was burglarized, and a quantity of cigars and other valuables carried off, since which time the gas has been left burning there all night. This is an act of startling daring that should arouse the community to a vivid sense of the danger of such things occurring, and the scoundrels remaining at large.

IT is the usual custom of the Sexton to raise the windows of the First Baptist Church on each Saturday, so as to air the Church for Sunday. This morning, about 9 o'clock, the Sexton, after cleaning the Church out for service, walked down street, and upon his return found that during his absence some one had effected an entrance through one of the windows on the Western side of the Church, and had stolen the mite chest of the Sunday School, broken open the Library, and stolen the money from the missionary box, also a pair of slippers belonging to Mr. Hiden and a pair of pants belonging to the sexton. We think this is the boldest robbery we have heard of lately, and are sorry to know that there is a person in our midst so depraved as to steal from a church. It is almost impossible to tell the exact amount of money that was stolen as it was deposited by the children in small sums on each Sunday.

BOLD BURGLARY.—Mrs. Kelley, living on Macumber alley between Eighth and Ninth streets, was burglarized yesterday morning sometime before four o'clock, and quite a number of articles of household effects taken away. It seems that Mrs. Kelley had been up attending on her aged and sick mother and after midnight retired to rest, leaving open a window in the room through which the entrance was made. This is a severe blow to the lady, who is dependent on her personal exertions for a support, and has the care of an aged and invalid mother besides, and the POST sincerely hopes that the rogue may be arrested and punished, and the stolen articles restored to their owner.

THE Hickory *Press* says: "Saturday until 4 p. m., was a clear, bright, warm day. The heat was unusually oppessive, and the general subject of remark.—About 4 o'clock in the afternoon a black cloud, not larger than an ordinary kite, was visible, unaccompanied by the slightest indication of the fearful tornado that was soon to follow. The cloud thickened and spread into immense proportions when the rain and hail fell to the earth with terrific force, smashing window glass, and utterly destroying vegetation of all kinds. Huge trees were torn up by the roots and hurled hundreds of yards in every direction. At one time the *Press* office was in imminent danger of destruction. The front windows were blown entirely out, in the second story of the building, and the roof at one time we thought had been swept off. The Associate Editor was prostrated by the limb of a tree, the but end of which had been hurled through one of the windows. He was badly frightened, and we are happy to say but slightly wounded. The storm continued an hour or more, the rain falling in torrents. One of the most respected and aged of our citizens tells us that he has never witnessed such a storm. The destruction is general and immense. The corn crop, it is feared, is entirely ruined.

Simmons steam saw mill was carried off, wounding, not seriously, three persons—the sawyer, Finger, a small boy and the proprietor of the Catawba House, who happened at the mill just as the storm came up.

THE BOARD OF ALDERMEN met in adjourned meeting last night.

Captain I. B. Grainger appeared and was duly qualified as an Alderman of the city, J. J. Cassidey, J. P., administering the oath of office.

The Finance Committee asked for further time to report. Granted.

The Committee on Streets and Wharves made a report, recommending that the Mayor be authorized to order 2,000 feet of curb stone, at a price not to exceed 20 cents per foot. Adopted.

A majority of the Police Committee reported adversely to the reinstatement of Beverly Scott and R. H. Leak, and recommended that the police force for the city consist of two captains, four sergeants and twenty privates.

Alderman Fishblate moved the adoption of the majority report, which was concurred in.

The Committee on Public Buildings, in reference to the matter of repairs to the City Hall, asked for further time, which was granted.

The same Committee, on the petition of L. Meginney, asking the removal of certain buildings from the yard of the City Hall, near his premises, reported, recommending that the Mayor be authorized to ascertain the expense necessary for such removal. Report adopted.

The Committee on Fire Department, on the petition of the drivers of the engine horses, asking for increased pay, reported, recommending that 75 cents per day be allowed for each day they are employed in hauling sawdust on the streets.

Aldermen Adrian, Hankins and Banks were willing that the drivers should be paid $1 per day.

Alderman Banks moved an amendment that the drivers be paid $1 per day for every day so employed. Lost.

Alderman Rice moved an amendment that the price be fixed at $2 per day.—Lost.

The report of the Committee was then concurred in.

In reference to the petition of W. H. Gerken for a lamp at corner of Sixth and Walnut streets, the Committee on Lights reported, recommending that the same be not granted. Concurred in.

The same Committee reported that the city was paying a large amount for gas, whereupon it was ordered that the committee on Lights confer with the agent of the Gas Light company and represent the facts concerning what is deemed by the Board exhorbitant rates for gas used in lighting the streets, and to obtain such a concession from the company as will be fair and just to the city. And it was also ordered that, if no concessions can be had, the committee are requested to recommend some feasible plan whereby the present expense may be diminished.

The committee on Lights recommended the discontinuance of 11 gas lamps, situated in the middle of blocks. Report concurred in.

Petition of Dr. J. E. Winants, for a gas lamp corner of Market street and Blount's alley, was not granted.

Petition of W. H. Gerken, for the use of the City Hall two nights in each week for the Uniform Lodge of the Knights of Pythias, was granted, subject to the regulation requiring the sum of $10 per night, to be paid in advance.

A communication from L. Meginney, relative to the tax on his school house, was laid on the table.

An ordinance relative to placing rubbish on the streets, was referred to the committee on Ordinances.

Several applications for office were referred to the appropriate committees.

Petition of citizens residing near the corner of Wooster and Seventh streets, for the removal of a certain building, was referred to the committee on Streets and Wharves.

Adjourned.

MR. J. H. HEATH of this place, put three sound eggs in a drawer filled with cotton seed, where he let them remain twenty-two days. When on opening the drawer he found three little chickens hatched from the eggs. The chickens are just one week old Mr. Heath says he is satisfied that he can raise them.—*Franklin Courier.*

THE Durham *Tobacco Plant* says: "It is not a little strange that, with all the growth and prosperity of Durham, not a single brick house has yet been built. Something more substantial than the temporary buildings (as such we regard them) that are now being built, is needed. We look almost daily for a conflagration to sweep away every house on Main street. And we have no protection against fire. It is almost impossible to get water for the ordinary use of the town. Let us have more wells, or more substantial buildings."

An Illinois paper doesn't complain because ex Governor Palmer persists in speaking so often on the railroad question, but because "every time he speaks he has a new theory on the subject."

Prospectus for 1873.

SIXTH YEAR.

THE ALDINE,

An illustrated monthly journal, universally admitted to be the handsomest periodical in the world. A representative and champion of American taste.

NOT FOR SALE IN BOOK OR NEWS STORES.

THE ALDINE, WHILE ISSUED WITH all the regularity, has none of the temporary or timely interest characteristic of ordinary periodicals. It is an elegant miscellany of pure, light and graceful literature, and a collection of pictures, the rarest specimens of artistic skill, in black and white. Although each succeeding number affords a fresh pleasure to its friends, the real value and beauty of THE ALDINE will be most appreciated after it has been bound up at the close of the year. While other publications may claim superior cheapness, as compared with rivals of a similar class, THE ALDINE is a unique and original conception—alone and unapproached—absolutely without competition in price or character. The possessor of a complete volume cannot duplicate the quantity of fine paper and engravings in any shape or number of volumes, for ten times its cost, and then there are the chromos besides!

ART DEPARTMENT.

Notwithstanding the increase in the price of subscription last fall, when THE ALDINE assumed its present noble proportions and representative character, the edition was more than doubled during the past year, proving that the American public appreciate, and will support, a sincere effort in the cause of Art. The publishers, anxious to justify the ready confidence thus demonstrated, have exerted themselves to the utmost to develop and improve the work; and the plans for the coming year, as unfolded by the monthly issues, will astonish and delight even the most sanguine friends of THE ALDINE.

The publishers are authorized to announce designs from many of the most eminent artists of America.

In addition THE ALDINE will reproduce examples of the best foreign masters, selected with a view to the highest artistic success and greatest general interest, avoiding such as have become familiar through photographs, or copies of any kind.

The quarterly tinted plates, for 1873, will reproduce four of John S. Davis' inimitable child-sketches; appropriate to four seasons. These plates, appearing in the issues for January, April, July and October, would be alone worth the price of a year's subscription.

The popular feature of a copiously-illustrated "Christmas" number will be continued.

To possess such a valuable epitome of the art world, at a cost so trifling, will command the subscriptions of thousands in every section of the country, but as the usefulness and attractions of THE ALDINE can be enhanced, in proportion to the numerical increase of its supporters, the publishers propose to make "assurance doubly sure" by the following unparalleled offer of

PREMIUM CHROMOS FOR 1873:

Every subscriber to THE ALDINE, who pays in advance for the year 1873, will receive without additional charge a pair of beautiful oil chromos, after J. J. Hill, the eminent English painter. The pictures entitled "The Village Belle" and "Crossing the Moor" are 14x30 inches—are printed from 25 different plates, requiring 25 impressions and tints to perfect each picture. The same chromos are sold for $30 per pair in the art stores. As it is the determination of the conductors to keep THE ALDINE out of the reach of competition in every department, the chromos will be found correspondingly ahead of any that can be offered by other periodicals. Every subscriber will receive a certificate, over the signature of the publishers, guaranteeing that the chromos delivered shall be equal to the samples furnished the agent, or the money will be refunded. The distribution of this grade, free to the subscribers of a $5 periodical, will mark an epoch in the history of art, and considering the unprecedented cheapness of the price for THE ALDINE itself, the marvel falls little short of a miracle, even to those best acquainted with the achievements of inventive genius and improved mechanical appliances. (For illustrations of these chromos see Nov. issue of THE ALDINE.

THE LITERARY DEPARTMENT

will continue under the care of Mr. Richard Henry Stoddard, assisted by by the best writers and poets of the day, who will strive to have the literature of THE ALDINE always in keeping with its artistic attractions.

TERMS:

FIVE DOLLARS per annum, in advance, with oil-chromos free.

THE ALDINE will hereafter be obtainable only by subscription. There will be no reduced or club rate; cash for subscription must be sent to the publishers direct, or handed to the local agent, without responsibility to the publishers, except in cases where the certificate is given, bearing the fact-simile signature of Jas. Sutton & Co.

AGENTS WANTED.

Richly bound in morocco cloth, assorted colors, beveled boards, red edges, gilt on back and side—a truly royal volume—a gallery of fine art engravings that will be at once a great pleasure to the recipient, and a demonstration of the taste of the donor.

There are about 200 plates, most of which could not be matched in size or quality in the art stores at a dollar each. They comprise designs by the leading painters and draughtsmen of day, giving the widest range of figure, animal and landscape subjects, combined with pure, light and graceful literature, edited by the poet scholar, Richard Henry Stoddard, forming a most attractive ornament for the parlor or library.

THE NEW YORK WEEKLY TIMES

Will contain Selected Editorials from the Daily Times; General News, Domestic and Foreign; The Proceedings of Congress and the State Legislatures; Full and Interesting Correspondence; Book Reviews; The Choicest Literary Selections; while its most prominent feature will be a COMPLETE AGRICULTURAL DEPARTMENT, with original articles from practical farmers; full reports of the American Institute Farmers' Club; complete weekly market reports; financial, domestic produce, live stock, dry goods and general.

AS A FAMILY PAPER,

The TIMES will have no superior; it will be free from all appeals to vulgar and impure tastes, and may be safely admitted to every domestic circle.

AS A REPUBLICAN JOURNAL,

The TIMES will be devoted, as in the past, to an intelligent and firm support of the Republican Party. Its course in reference to the Tammany Ring, at a time when all the other daily papers in New York obstructed and discouraged its efforts, attests its sincerity in the cause of Reform. The TIMES stood alone in demanding Reform from 1869 to the close of 1871, and there is no sincere and honest proposal for Reform, in any branch of the Government, which will not be heartily supported by the TIMES. But it will not conspire in assisting ambitious politicians or demagogues to reach power under false pretenses. It will not encourage defection from the Republican Party, which is still the party of progress, security and national prosperity.

It will sustain, with all the force and influence at its command, the principles and policy which have rendered that party so justly famous in our history. It will advocate those measures by which the honor, the peace, and the prosperity of the nation can be best secured and promoted, and will constantly study the wants of the people rather than the wishes of the politicians.

THE NEW YORK SEMI-WEEKLY TIMES

Is published every Tuesday and Friday, and contains all the agricultural and literary matter of the Weekly edition, and a full and careful compilation of editorial and news features of the Daily.

Terms of the Semi-Weekly TIMES: One copy, one year, $3; two copies, one year, $5; ten copies, one year, $25—and one extra copy free.

Subscripttons to either of our editions received for a less length of time than one year at yearly rate.

These prices are invariable. Remit in drafts on New York or Post-office Money Orders, if possible, and where neither of these can be procured, send the money in a registered letter. All Post-masters are obliged to register letters when requested to do so, and the system is an absolute protection against losses by mail. Address

We especially call the attention to the following testimonials of the Paint:

C. P. Knight, Esq.—Dear Sir: I have used Bradley's Patent Enamel Paint on my dwelling last Spring, and am much pleased with it, and it looks as well now as when first painted, and consider it a good Paint. Yours, truly,
Creswell P. O., Hartford county, Md., Feb. 6th, 1873. A. H. STRASBAUGH.

THE PLAINS, FAUQUIER CO., VA., Feb. 6th, 1873.

Mr. C. P. Knight—Sir: The Paint came safely to hand as ordered—two kegs, five gallons each, and three buckets, one gallon each. As practice was slack, I did the job myself. Two weeks, (not constant work,) completed the house two coats. The last coat I applied thick, and it is now generally conceded that for enamel-like hardness, and body, and harmony of colors, there is not a handsomer job in the place. I saved sixty-five dollars by the operation, which is an item just now with Southern people. It should be generally adopted in this State. Any country lad can apply it. I have never dabbled in such stock as testimonials, but I feel so forcibly the great adaptability of your "Enamel Paint" to the wants of our people, in excellency of material, in beauty of color, and in the fact of its being "ready mixed" that I give you free permission, (it it is desirable to you,) to make what use you think proper of this letter.
Very respectfully and truly, S. McGILL, M. D.

TO THE PUBLIC—It affords me much pleasure to state that in July, 1871, Front Street Theatre was painted inside and out with "Bradley's Patent Enamel Paint," for which C. P. Knight, No. 93 West Lombard Street, is agent, and, to testify to its superiority over any and all other paints for similar uses. In no private dwelling can paint possibly be subjected to the very severe test it undergoes at this establishment, where, during our daily cleaning, soap and soda are constantly applied to it, and yet it appears as sound and fresh as when put on. Of the numerous advantages it possesses over other paints, I will only mention its being mixed and ready for use in quantities to suit purchasers, its quickly drying properties, which saves much time in the execution of work were paint is needed, and its very perceptible tenacity, which imparts beauty and durability to the objects on which it is used. As such I most earnestly recommend it to the merchants and tradesmen of our city, believing it will give them greater satisfaction than they can possibly anticipate.
WM. E. SINN,
Front Street Theatre.

BALTIMORE, April 25, 1873.

CHAMBERSBURG, December 10th, 1872.

Mr. C. P. Knight—Dear Sir:—The paints we received from you have been applied to several of our own buildings and to those of our friends, and have given entire satisfaction in covering qualities, in gloss, and in adaptability to all kinds of surface of material and we cheerfully recommend it, especially to that class of consumers who have to depend upon unknown parties, or painters to mix and furnish materials, wherein we have found the most deception. Yours, truly,
JACOB STOUFFER & SON.

FROM HON. JOHN WETHERED.

Mr. C. P. Knight:—At the recommendation of a friend, I was induced to apply your patent "Bradley's" paint to my house. I have pleasure in stating that it has proved highly satisfactory, covering more surface than you promised, is more economical, carries better gloss than ordinary paint, and is freer from disagreeable odor.
Yours, Respectfully, JOHN WETHERED.

BALTIMORE, December 27th, 1871.

C. P. Knight, Esq., Agent for Bradley's Patent Enamel Paint—Dear Sir:—The paint we purchased from you we will cheefully endorse as the best of any kind we have ever used; its covering qualities is everything desired, drying promptly and with a hard gloss which must, we think, resist the action of all kinds of weather. This is our experience, and we can recommend it with certainty, and intend to use it on all occasions where we desire a good job of work.
Very Respectfully, EMART & QUARTLEY, 270 W. Baltimore St.
House, Sign and Frescoe Painters.

PLEASANTVILLE, HARTFORD CO., MD.

Mr. C. P. Knight—Dear Sir:—I am very happy to inform you that your "Patent Enamel Paint" has given entire satisfaction. I prefer it to any paint I have ever seen used, and recommend it for durability and beauty as paramount to any other.
Very Respectfully, R. DICKEY, M. D.

"Unquestionably the best sustained work of the kind in the World."

Harper's Magazine.

NOTICES OF THE PRESS.

The ever-increasing circulation of this excellent monthly, proves its continued adaptation to popular desires and needs.—Indeed, when we think into how many homes it penetrates every month, we must consider it as one of the educators as well as entertainers of the public mind, for its vast popularity has been won by no appeal to stupid prejudices or depraved tastes.—*Boston Globe.*

The character which this Magazine possesses for variety, enterprise, artistic wealth, and literary culture that has kept pace with, if it has not led the times, should cause its conductors to regard it with justifiable complacency. It also entitles them to a great claim upon the public gratitude. The Magazine has done good and not evil all the days of its life.—*Brooklyn Eagle.*
